OE matching dash kit for Nissan 370Z

Upgrade the radio to add additional features in 2009 - 2018 Nissan 370Z vehicles - vehicles not equipped with factory navigation. NDK746 allows you to add a single ISO radio with pocket or a double DIN radio into these vehicles. Our dash kit is made of high quality material and will keep the interior looking factory when adding an aftermarket radio.

Also Available:

Wire Harness: NWH704
Antenna Adapter: NI6

FEATURES

- Installs one single ISO with pocket or one double DIN radio
- Retains OEM climate controls
- High quality material
- Painted satin black to match OE dash
- Instructions and hardware included
